 - Ø35mm - VOH art. 26.00334
 - Ø40mm - VOH art. 26.00318
 - Ø45mm - VOH art. 26.00335

Secure handling with no scratching risk.

The watchmakers using this device are convinced of its advantages. It is space saving, perfect for the after-sales and very easy to handle.

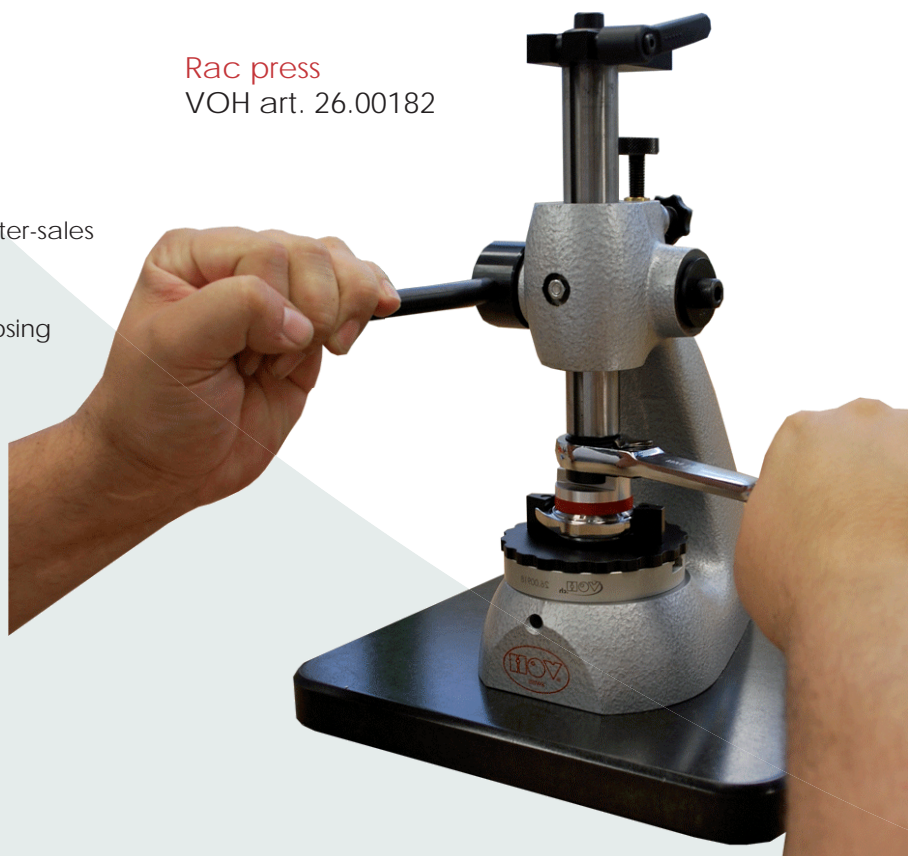

Its main advantage : no special key is required.

You will need only one set of tools for opening and closing all screwed watch backs with no risk.

Rac press
